

Best Player Voting Under 12-15

The coach must nominate 4 people who can vote over the season and inform the Club Secretary after the first match. The coach must vote plus 2 others, ie 3 voting sheets each week. The extra person will be used when one of the other voters is unavailable.

The 4 voters should remain the same for the whole season unless circumstances prevent this. This is to encourage consistent voting through the year.

Votes for each game are awarded from 5 votes 4,3,2,1 with 5 being for the player judged best on ground. Voting slips will be retained by the Team Manager and at the end of the season collated to determine the number of points awarded to each player.

It is encouraged that voting slips be kept confidential through the season and that they are only tallied after the final game. Voting is conducted during the home and away season only and not during finals or practice matches.
